

MEMBER OF THE STATE ASSEMBLY, 60TH DISTRICT

BOB HUFF

OCCUPATION: Business Owner/CouncilMember

Bob Huff is an experienced leader who will stand tall against the Sacramento professional politicians whose tax and spend policies put California billions in debt.

Government can do better. It just has to put the people's interests first.

As a city councilman, Bob Huff has done just that. He has balanced nine straight budgets, helped recruit over 2,500 new jobs, and improved law enforcement programs.

Bob Huff helped build a \$22 million reserve while the Sacramento politicians spent us into a \$38 billion deficit.

Bob will take his positive experience to the State Assembly where he will work with Governor Schwarzenegger to end the money mismanagement that has crippled us so badly.

In the Assembly, Bob Huff will fight to protect essential education, health care and public safety programs.

Bob Huff will work to make schools, teachers, and students more accountable. He will keep class sizes down so teachers can provide quality instruction.

Bob will work to give local school boards more say over their budgets, put more money into classrooms and less into the educational bureaucracy.

As our Assemblyman, Bob Huff will work with Governor Schwarzenegger to strengthen the state's economy by creating an economic climate that encourages small businesses to grow, and to stay in California.

Bob Huff's impressive record as a responsible money manager and opponent of the car tax helped gain him the coveted endorsement of the Howard Jarvis Taxpayers Association.

"Please give me your vote, and I'll help change state government for the better."
